

## Sprint 1 Plan, FridayFinder, Tribe 115A, 4/25/23 Revision 1, 4/14/23

**Goal:** Create landing page for unauthenticated users, set up login/signup for new users, display map for authenticated users.

### Tasks Listing:

- 1.1 As a user, I should be directed to a landing page with login/signup buttons if unauthenticated [2]
  - Create/modify landing page (2-3 hours)
  - Connect Firebase via config file for Auth/ DB (2-3 hours)
- 1.2 As a user, I want to login to the app so that I can access the application [3]
  - Add login form (MUI Joy UI component) (2-3 hours)
  - Display authenticated page (3-4 hours)
  - Once logged in, user is Authenticated
- 1.3 As a user, I want to be able to view the map so that I can see myself and others [5]
  - Add Google map API (2-3 hours)
  - Display Map on Authenticated page (3-4 hours)
  - Access user's location (2-3 hours)

### Team roles:
